

18th INTERNACIONAL CONFERENCE
ON AUTOMOTIVE PLASTICS

6th & 7th July 2022

CIRCULAR ECONOMY IN AUTOMOTIVE: IMPACT AND OPPORTUNITIES

*Moving forward a
sustainable mobility*

Organized by

CENTRO ESPAÑOL DE
PLÁSTICOS

Barcelona

Hotel SB BCN Events

www.cep-auto.com

#CEPAuto #plastics
#automotive #CircularEconomy

9:00h

Welcome & Registration

9:30h

Official Opening**Carlos Elvira** Lighting and Signage Development Manager SEAT

9:45h

Using Post-consumer Polyamides to Design New Lower Environmental Impact Engineering Polymers**Riccardo Galeazzi** Post-Consumer Product Manager RadiciGroup High Performance Polymers

10:10h

Traceability 4.0: A Lever of Change in the Circular Economy**Jordi Portella** Founder and CEO Bestplant

10:35h

Advancing the Circular Economy with Reclaimed Windshields**Cameron Rasul** SEM Marketing Analyst - EMEA Avient Corporation**Koen Sonck** Sales Manager Europe Shark Solutions

11:10h

Coffee Break Sponsored by Coscollola & Visit to Exhibitor Area

11:50h

DCIM Direct Compounding Injection Molding: Ready for the Circular Economy**Antonio Muñoz** Injection Sales Manager Coscollola

12:15h

Sustainability Strategy: Solutions for the Automotive Industry from LG Chem**Dr. Hyunil Kim** Technical Development Manager LG Chem / Biesterfeld

12:40h

Incorporating Recycled PP in Automotive Interior Components: How to Ensure Low Emissions of VOCs and Odour**Elena Moratalla** Leader of the Automotive Laboratory AIMPLAS

13:05h

Sustainable Solutions, Walk the Green Side of Life. Albis Perspective for the Mobility Segment**Andrés Cámara** Application Development Engineer Albis Iberia

13:40h

Networking Lunch Sponsored by AGI - Augusto Guimarães & Irmão, Lda & Visit to Exhibitor Area

15:10h

Round table: Sustainability in the automotive industry**Josep Nadal** Cluster Manager CIAC *Moderator***Enric Fontdecaba** Plastic Materials Eurecat**Jordi Miranda** Smart Factory Manager TAG Automotive**Gorka Jaio** Sustainable Materials - Member of the Technical Committee Basque Ecodesign Center, Batz Group

13:40h

Coffee Break & Visit to Exhibitor Area

16:40h

Sustainable Technical Materials. Innovate Recycling Concepts**Francesc Baussà** Market Development Manager Ter Hell Plastics

17:05h

Circular Solutions to Meet Emerging Automotive Demands Demonstrated on LGF-PP Recycling Concepts for Interior Applications**Ron Niemark** OEM Business Development & Sustainability SABIC

17:30h

SAX Polymers - Compounding for New Innovation in the Automotive Industry**Peter Ruhland** Technik / Marketing SAX Polymers / Guzman Polymers

9:00h

Shaping the Automotive Industry by Offering Sustainable Solutions Required for Today and Tomorrow**Joan Miravittles** Marketing Manager - Polypropylene Compounds **LyondellBasell**

9:25h

Circular Solutions for Automotive**Jimena Ruesta** Engineering Plastics Sustainability Strategy **Covestro**

9:50h

Circularity and Lightweighting: DOMO Assets for Sustainable Development**Lauren Perret** Application Center Automotive Market Manager **DOMO Chemicals**

10:15h

Advanced Recycling Technologies for the Automotive Industry: Current Status and Future Expectations from an ABS Producer**Ignacio Buezas** Automotive Business Development Manager **Elix Polymers**

10:50h

Coffee Break Sponsored by Nexeo & Visit to exhibitor Area

11:30h

Trocellen Cross-linked Polyethylene Foam Facing the Challenges of the Circular Economy**Javier Paredes** Head of Environment and Quality **Trocellen Ibérica**

12:00h

Advantages of Additive Manufacturing in Traditional Automotive and Electric Vehicles**Xavier Llobera** Automotive Segment Manager **HP**

12:30h

Round Table: Applications of 3D Printing in the Automotive Sector**Naiara Zubizarreta** CEO **ADDIMAT** *Moderator***Carles Alemany** Technical Director **Rogasa Group****Manuel Casasús** Additive Business Unit Manager **Industrias Alegre****Marc Travasset** Additive Manufacturing **SEAT****Tiago Araujo** Head of Mechanical Engineering **Wallbox**

13:30h

Closing**Speaker to be confirmed**
