

CEP Auto

Plastic Materials in the ELV Era: Responsible Innovation for Sustainable Vehicles

18th & 19th February 2026
In-person Edition

MOVING FORWARD A SUSTAINABLE MOBILITY

8:45h

Registration and Welcome Coffee

9:20h

Welcome

Marc Monnin *General Manager Centro Español de Plásticos*

9:30h

China in the Driver's Seat

Joan Miquel Malagelada *Board Member EBRO*

9:55h

LIUX: Car and Technology from Spain

Antonio Espinosa *CEO LIUX*

Paco Martínez *CEO Inertim Research*

10:20h

Driving Sustainable Change: Thermoplastics for Future Mobility

Sebastien Dessenne *Staff Engineer, MDTS Automotive Sabic*

Jaime García *Managing Director Guztac Polymers*

10:45h

Materials Informatics for Sustainability: Are We Designing Smart Enough?

Cristina Crespo *Head of Research Line Instituto Tecnológico de Aragón*

Leticia Gracia *Head of R&D Line Instituto Tecnológico de Aragón*

11:10h

Direct Coating: Creating High Value Surfaces on Automotive Plastics

Esther Grau Zuriaga *Sector Marketing Manager Automotive & Industrial Coating Covestro*

11:35h

Coffee Break Sponsored by HP & Visit to Exhibitors Area

12:15h

Mold in Color Recycled PP Compound for Automotive Exterior Trims

Albert Foguet *Tech Center Manager & PAD Automotive LyondellBasell*

Rubén Moyano *Technical Leader Polymer Materials Renault España*

12:40h

Innovation and recycling as keys to sustainability in plastics in the automotive industry

Livia López *Automotive Laboratory Researcher AIMPLAS*

13:05h

How Specialty Polymers Help to Shape the Future of Automotive

Héctor Mas *Director of Product Line Management Nexeo Plastics*

Nicolas Batailley *EMEA Business Development Manager Syensqo*

13:30h

Networking Lunch Sponsored by Guztac Polymers and AGI & Visit to the Exhibitors Area

15:00h

Round Table Sponsored by Biesterfeld: New players in the Manufacture of Plastic Raw Materials and their Impact on the European Automotive Sector

Mariano Martínez *Chemical Commodity Director Ficosa*

Andrea Martínez Blanco *Commercial Director EMEA SK Primacor Europe*

Raul Florit *Head of Sales Ibérica Biesterfeld*

Enric Garcia *General Manager Ibérica Biesterfeld Moderator*

16:00h

Designing ECO and CLA (Closed-Loop-Automotive) materials. Meeting ELV 2030

Francesc Baussà *Market Development Director TER Plastics*

16:25h

High-Quality Post-Consumer Recycled (PCR) Materials for EV and ADAS Applications

Benjamin Horneff *Application Engineering LG Chem*

16:50h

Networking Drinks & Visit to the Exhibitors Area

8:30h

Welcome Coffee

9:00h

From Regulations to Innovation: Building a Circular Future

Angela Herranz Sustainable Polymers, Coatings & Body Int. Analyst SEAT

Gianmarco Sabellico PhD Student SEAT

9:25h

CFP Injection Moulding: Processing Fibreglass Directly in the Standard Injection Process

Antonio Muñoz Commercial Director Injection Division Coscollola

9:50h

Turning CO₂ into Sustainable Plastics via CCU – POM ECO-C for Automotive Applications

Oliver Kuise Engineered Materials Sustainability Leader Celanese

10:15h

Sustainable Innovation in Recycled Resins for High-Performance Automotive Applications

Roger Soley Business Development Manager Mobility Ultrapolymers Spain

Yoan Lavergne Global Sales Director Lavergne

10:40h

Innovative Solutions for Sustainability, Circularity, E-mobility in the Evolving Automotive Scenario

Carlo Grassini Automotive Focal Team Leader, CAE Service Manager RadiciGroup High Performance Polymers

Blanca Lekube Project Manager and Scientific Researcher Leartiker

11:05h

Coffee Break & Visit to the Exhibitors Area

11:45h

Accelerating Innovation: Partnering with Automotive Customers in Product Development

Edouard Fulchin Team Lead Engineering, Avient Design Europe Avient

Silvia Molpeceres Area Sales Manager Spain & Distribution Channels in Portugal, Ireland, UK - Specialty Engineered Materials Avient

12:10h

High-performance Recycled Compounds to Meet the New European Minimum Recycled-plastic Content Requirements (EU Regulation 2023/0284)

Antoni González Director General Rexelian

Sandra Fernández Freixa Marketing & Sustainability Director Rexelian

12:35h

Round Table Sponsored by ALBIS: Impact of the New European ELV Regulation

Pablo Esteras Managing Director at Albis Iberia & Regional Sales Director Latin América ALBIS

Pablo Tamarit General Manager CITSALP

Rubén Moyano Technical Leader Polymer Materials Renault Spain

Jari De Pauw Manager FEV Consulting Iberia *Moderator*

13:35h

Institutional Closing

Tomás Megía Director of the Office OPTIMA for the Transformation of the Mobility and Automotive Industries Generalitat de Catalunya

13:45h

Closing of the Event

13:55h

Closing Drinks
